

This listing of claims will replace all prior versions, and listings, of claims in the application.

**Listing of Claims:**

1. (Currently Amended) An insulating material comprising a non-woven blend comprising a polyester filling fibre and a lyocell cellulosic fibre ~~obtained by an organic spinning process~~, the material formed into a form selected from the group consisting of a padding, a stuffing, and a filling.
2. (Previously Presented) The non-woven blend of claim 1 wherein the polyester filling fibre is a polyethyleneterophthalate fibre.
3. (Canceled).
4. (Previously Presented) The non-woven blend of claim 1 comprising, by weight, no more than 80% of the cellulosic fibre.
5. (Previously Presented) The non-woven blend of claim 1 wherein the cellulosic fibre is present in an amount, by weight, of from 10-60% of the blend.
6. (Previously Presented) The non-woven blend of claim 1 wherein the cellulosic fibre is present in an amount, by weight, of from 20-60% of the blend.
7. (Previously Presented) The non-woven blend of claim 1 wherein the cellulosic fibre is present in an amount, by weight, of from 25-60% of the blend.
8. (Previously Presented) The non-woven blend of claim 1 wherein the polyester filling fibre comprises monofibres which are crimped or conjugate fibres.
9. (Previously Presented) The non-woven blend of claim 1 wherein the polyester filling fibre comprises conjugate fibre.

10. (Previously Presented) The non-woven blend of claim 1 wherein the cellulosic fibre is a saw-toothed crimp fibre.

11. (Currently Amended) Fibreballs comprising a non-woven blend comprising a polyester filling fibre and a ~~cellulosic~~ lyocell fibre ~~obtained by an organic spinning process.~~

12. (Currently Amended) A wadding comprising a carded and layered non-woven blend comprising a polyester filling fibre and a cellulosic lyocell fibre ~~obtained by an organic spinning process.~~

13. – 17. (Canceled).
